# 2010-2011 Budget

## BIRDVILLE INDEPENDENT SCHOOL DISTRICT

The Honorable Board of Trustees  
Birdville ISD

Dear Board Members:

The proposed 2010-2011 budget is presented after many months of preparation, review and modification. The budget represents what staff sees as necessary to operate the Birdville Independent School District for the fiscal period July 1, 2010 to June 30, 2011. The budget is comprised of three major funds – General Fund, Child Nutrition Fund, and Debt Service Fund. (The district uses monies from other Special Revenue Funds, but these funds are not required to be formally adopted since those budgets must be approved by the regulatory departments of the Texas Education Agency.) Each of these funds includes its own separate set of self-balancing accounts comprised of its assets, liabilities, equity, revenues and expenditures.

The budget has been developed in accordance with Board policies CE (Legal and Local). The legal policy stipulates that “the Superintendent shall prepare, or cause to be prepared, a proposed budget covering all estimated revenue and proposed expenditures of the District for the following year.” The Texas Education Agency, which exercises oversight of Texas school districts, requires a legally adopted budget for the General Fund, Debt Service Fund, and the Child Nutrition Fund. June 19 is the deadline for preparing the budget for review by the Board of Trustees.

### Budget Presentation

The goal of the Birdville ISD in the budget presentation is to improve the quality of information provided to the citizens about the District’s financial plan for the educational programs and services for the 2010-2011 fiscal year. This budget document is organized to present that information in a user-friendly format.

The document contains the following sections:

**Introductory Section** – Highlights the important information contained in the budget. The Introductory Section will give the reader an insight to the rest of the budget document. It will provide a comprehensive summary of the budget, including property value, tax rate and other data useful to the reader.

**Financial Section** – Presents the financial data and budgetary projections for the fiscal year. The schedules highlight the Governmental Funds requiring a legally adopted budget and will present information comparing current and prior year budget data.

**Appendix** – Provides a glossary of terms, salary information (when available) and school calendars.

## Budget Calendar

The preparation, adoption and revision of the budget are the result of a process covering the entire year. The following is the budget calendar for the 2010-2011 fiscal year.

™ Budget Planning	October-December
™ Budget Preparation	January – May
™ Board Adoption	June (includes Board of Trustee review in April-June)
™ Budget Implementation	June-July
™ Budget Evaluation	July-June
™ Audited Financial Statements	November

## Mission Statement

We engage and encourage students and staff every day through meaningful work in a safe and caring environment.

## Vision

All students succeed in a future they create.

## Beliefs

Every student is uniquely capable and deserves to learn each day.

Meaningful work engages students in profound learning.

Personal commitment to quality from everyone in the learning organization creates student and staff success.

Trusting relationships in a safe and caring environment are vital to an innovative learning organization.

Student success requires community support and engagement.

Quality public schools build and preserve a healthy democratic society.

## Strategic Goals

The Strategic Plan of the District is adopted by the Board of Trustees. The following is a summary of the recommend plan.

**Goal I – Student Achievement: All students will exceed state and national standards in all subject areas.**

Objective A: The percent of students passing TAKS will increase annually by an incremental amount necessary to reach the target of 90 percent in all subjects and student groups.

Objective B: The percent of students achieving commended performance on TAKS will increase annually by a minimum of five percentage points in all subjects.

Objective C: Seventy percent of graduating seniors will have taken the SAT or ACT and 60 percent will exceed the national average score.

# 2010-2011 Budget

Objective F: The implementation of voter-approved projects in the Long Range Facilities Plan will meet the scope of projects, schedules, and budget.

Objective G: The Long Range Facilities Plan will meet changing educational needs and condition of facilities.

## **Budget Assumptions - Revenues**

The Administration must make certain assumptions in the preparation of the budget. Assumptions are made for the Average Daily Attendance used in calculating state aid and the percent of tax collections. Assumptions are then calculated and incorporated into the budget drafts. The significant assumptions used in preparing the 2010-2011 revenue budget were:

Average Daily Attendance	21,617 –a 1% increase from 2009-10
Current Tax Collections	98%
Total Tax Collections	100%

A review of the estimated revenue budgets is included in the following section.

## **Total Budgets – Major Governmental Funds**

The budget of Birdville ISD includes three major funds – The General Fund, Debt Service Fund, and Child Nutrition Fund (a Special Revenue Fund). The following schedules present a comparison of revenues and expenditures for these Governmental Funds.

Other revenue sources or other uses, such as bonds proceeds and transfers out, are included as an addition to the revenues or expenditures where applicable.

## **Major Revenue Sources**

The District receives local, state and federal revenues sources in the operation of its programs. Local property taxes account for the largest local revenue source, amounting to 49 percent of the District's total revenue budget. Budgeted taxes for 2010-2011 amount to \$96,518,950 and is split between the maintenance and operations (\$70,222,486) and the debt service (the reAny s or exp are then c(s or expare the)-3.7d8.5(e)-5.m1 .5e s4.245912 72 7

Note: High school allotment represents additional funds provided by TEA. The district receives \$275 times the average daily attendance on grades 9-12. Prior to the 2009-2010 fiscal year, high school allotment was reported in a special revenue fund. The funds are now reported as part of general fund but still have specific program requirements. When the final budget is adopted, these budgets will be included in the overall general fund adopted budget.

## **CLASSIFICATION, OBJECT**

An object has reference to an article or service received; for example payroll costs, professional and contracted services, supplies and materials, and other operating expenses.

## **CODING**

A system of numbering, or otherwise designating, accounts, entries, invoices, vouchers, etc., in such a manner that the symbol used reveals quickly certain required information.

## **CONTRACTED SERVICES**

Labor, material and other costs for services rendered by personnel who are not on the payroll of the local education agency.

## **DEBT**

An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants and notes, etc.

## **DEBT SERVICE FUND**

A governmental fund with budgetary control that accounts for expenditures for the retirement of debt and expenditures for interest on debt, except principal and interest of current loans.

## **DELINQUENT TAXES**

Taxes that remain unpaid after the date on which a penalty for nonpayment is attached. Tax statements are mailed out in October and become delinquent if unpaid by January 31.

## **DEPRECIATION**

The process of estimating and recording the expired useful life of a fixed asset which is used to distribute its cost over its revenue producing years.

## **EFFECTIVE TAX RATE**

The effective tax rate is a calculated rate that would provide the school district with about the same amount of revenue it received in the year before, on properties taxed in both years. If property values rise, the effective tax rate will go down and vice versa.

## **EQUIPMENT**

Those moveable items used for school operation that are of a non-expendable and mechanical nature, i.e. perform an operation. Computers, printers, projectors, vacuum cleaners, and vehicles, etc. are classified as equipment. (Heating and air conditioning systems, lighting fixtures and similar items permanently fixed to or within a building, are considered part of the building.)

## **ESTIMATED REVENUE**

This term designates the amount of revenue expected to be earned during a given period.

## **EXPENDITURES**

This includes total charges incurred, whether paid or unpaid, for current expense, capital outlay, and debt service. (Transfers between funds, encumbrances, exchanges of cash for other current assets such as the purchase stores and investment of cash in U.S. Bonds, payments of cash in settlement of liabilities already accounted as expenditures, and the repayment of the principal of current loans are not considered as expenditures.)

## WADA

To treat school districts fairly in funding, a Weighted Average Daily Attendance (WADA) is used to measure the extent students are participating in special programs. The concept of WADA in effect converts all of a school district's students with their different weights to a calculated number of regular students required to raise the same amount of revenue. The greater the number of students eligible for special entitlements, the greater a school district's WADA will be.

## WEALTH PER STUDENT

The taxable value of property divided by the number of students in weighted average daily attendance.
